

# RYAN TING

## SKILLS

**I am dedicated, hard-working and eager to learn new skills and improve the ones I have.**

### **Skills:**

Problem-Solving, Critical-Thinking, Management Skills, Creativity and Teamwork

## OBJECTIVE

**To learn more skills and also strengthen the ones I have to be more useful and helpful to the community**

## EDUCATION

### **Trinity College Dublin | 2019 – present**

I am currently studying Computer Science and Business and is am course to graduate in May 2023.

This is providing me with skills such as:

Programming(Java), Business Organization and Management, Quantitative Methods for Business and many more.

### **Leaving Certificate | 13<sup>th</sup> of August 2019**

I obtained 556 points in my leaving certificate. Obtaining honors in all my subjects and excelling in math and science subjects

### **Sandford Park School | 2013 – 2019**

## TECHNICAL PROJECTS

I made a program, in java, to find prime numbers using the Sieve of Eratosthenes method. It outputs the primes and also shows how the formula is used to obtain the primes

I have also made the classic game 'Pong' in java, using a program called 'Processing'.

## EXPERIENCE

### **DNG | 30 Leeson Park, Ranelagh | February 2017**

In a week long course, I visited different branches of the company and helped with the office work e.g. design of brochures
